

Dear Parents,

I am writing to give you an update and summary of the present situation. This situation is obviously causing great concern for all our community. Please be assured we are following all relevant guidelines and keeping up to date with the latest changes.

The changes tonight state that **anyone** with a symptom (a cough or high temperature) should self isolate for 14 days, along with all the members of their household. **This is non negotiable.** Please inform us if this applies to you or anyone in your family.

Tomorrow we will be carefully reviewing our staffing levels as the safety of our pupils is paramount as always.

The implementation of the government guidelines extend to our staff and their families, therefore we have a number of staff affected by these changes. We will do our very best to remain fully operational and only take action following further guidance or significant reductions in staffing levels which compromise children's safety.

We are wishing you and all your families to keep well during this very challenging time.
God bless,

Mrs Julia Pearce
Headteacher
