

Good afternoon everyone,

Hope you are all keeping well.

It has been a delight to see all of the children working hard on Seesaw and Tapestry.

I have enjoyed watching videos, listening to voice recordings and seeing lots of your wonderful work, you are certainly keeping the teachers busy, keep it up!

Well done and thank you to the parents for supporting your children with this ongoing challenge of home learning. I understand that this is difficult when many of you are also working from home and adapting to a new routine.

We are aiming to upload 5 activities a week to Seesaw for Years 1-6 and daily challenges on Tapestry for EYFS. However there are also additional resources available on Twitter and Purple Mash still available to access if you wish to do so.

We do not expect you to access all of those resources, but would like you to encourage your children to complete a minimum of 5 activities across the week. If you are having any difficulties accessing the online resources please email homelearning@st-marys-royston.herts.sch.uk

I know staff have tried to accommodate the different requests from parents, but please remember they are still also working in school caring for our key worker children.

As yet we are still unclear how we will exit the lockdown, but we are formulating lots of plans so that we are ready as soon as the government indicate if any of the lockdown measures will be relaxed.

We are very proud of all of our school community, and hope that you all continue to keep safe and well during these challenging times.

God bless

Julia Pearce
