Dear Mrs Pearce,

Many congratulations on your recent inspection outcome. I was thrilled to learn that under your leadership and the hard work of your team the school has moved from good to outstanding. I was particularly impressed to read of the excellent improvements that have been made in early years provision, and was delighted to hear that rapid progress continues to be made by children in all year groups. The inspector's comments that teachers support learning development by providing students with 'bespoke advice' and 'excellent' guidance are good to read.

Additionally, I was pleased to read that 'school leaders capitalise on the opportunity to share and learn from best practice' through working with other schools. It is excellent to see that you have continued to develop successful partnerships in the trust.

Improvement like this is the product of a huge amount of hard work: from planning what needs to be done, to building a plan, and then relentlessly implementing it every day. The success of the academy movement is predicated on improvement and progress like this, so your personal contribution is something I am proud to see and to be able to congratulate you on.

Very best wishes for the next stage of the journey.

Yours sincerely,

A handwritten signature in black ink that reads "Martin Post".
