

**ST MARY'S
Catholic Primary School**

Melbourn Road, Royston, Hertfordshire SG8 7DB Tel: (01763) 246021

Monday 4th January 2021

Dear Parents,

Following the announcement made by the Government tonight, **school will be closing to all year groups (except vulnerable and key worker children) with immediate effect. Our Nursery class follows the same rules as the rest of the primary school as we are not an Early years setting. St Mary's will be closed to all year groups (except vulnerable and key worker children).**

A letter sent earlier today requested that you inform the office if your child is in either group please complete the form and return immediately.

Please arrive for drop off at your child's allocated drop off point and time and collect the same way. School meals will be available as usual. There will be no breakfast or after school club.

Those who are not eligible to attend face to face will have home learning provided - this will be as set out in the letter from your class teacher last term.

Home learning will begin from Wednesday 6th January as teachers need to replan and adjust plans/resources for home learning.

If you have any difficulties, please contact us using the home learning account homelearning@st-marys-royston.herts.sch.uk

I will keep you informed with updates as soon as we are advised.

With all best wishes,
God Bless,

Mrs Julia Pearce
