

School dinners - changes on how payment made from January

Dear Parents,

Please be advised that as of **4th January 2021**, school dinners must be paid for in advance on the School Gateway App.

Balances must be credited in advance of meals to be taken and the balance will reduce as your child has a meal. Please note that if there is no credit on your School Meal account your child will not be able to have a school meal.

Please be reminded that a Nursery meal costs £2.25 and a Junior meal costs £2.70.

If you have any problem regarding this please call the School Office.

Many Thanks,

Debbie Clarke
